AT HOME LIFE HACKS

- Fresh onions are more than just a savory kebab ingredient. This root vegetable can also help clean the grill. Simply stick half of an onion on the end of a grilling fork and run it over a hot grate to remove food residue.
- Even the most diligent of sunscreen appliers can get burned. To soothe irritated burns, pour [pure aloe vera juice](#) into an ice tray, then freeze and apply salve.
- The next time you host a BBQ, pull out a [muffin tin](#). Rather than using it to make muffins, fill the cups with various condiments and BBQ toppings!
